## I. Full Terms and Conditions of Regulatory Capital Instruments

Criteria	Full Terms and Conditions of Equity Shares of RBL Bank Limited
Voting shares	Equity shares of RBL Bank Limited are voting shares
Limit on voting rights	Limits on voting rights, if any, are applicable as per provisions of the Banking Regulation Act, 1949
Position in subordination hierarchy	Represent the most subordinated claim in liquidation of the Bank. The paid up amount is neither secured nor covered by a guarantee of the issuer or related entity nor subject to any other arrangement that legally or economically enhances the seniority of the claim.
Claim on residual assets	Entitled to a claim on the residual assets, which is proportional to its share of paid up capital, after all senior claims have been repaid in liquidation
Perpetuity	Principal is perpetual and never repaid outside of liquidation (except discretionary repurchases / buy backs or other means of effectively reducing capital in a discretionary manner that is allowable under relevant law as well as guidelines, if any, issued by RBI in the matter).  The Bank does nothing to create an expectation at issuance that the instrument would be bought back, redeemed or cancelled nor do the statutory or contractual terms provide any feature which might give rise to such an expectation.
Distributions	Distributions are paid out of distributable items (retained earnings included). The level of distributions is not in any way tied or linked to the amount paid up at issuance and is not subject to a contractual cap (except to the extent that a bank is unable to pay distributions that exceed the level of distributable items).  There are no circumstances under which the distributions are obligatory. Non-payment is therefore not an event of default.  Distributions are paid only after all legal and contractual obligations have been met and payments on more senior capital instruments have been made.
Loss absorption	It is the paid up capital that takes the first and proportionately greatest share of any losses as they occur. Within the highest quality capital, each instrument absorbs losses on a going concern basis proportionately and paripassu with all the others.
Accounting classification	The paid up amount is classified as equity capital. It is clearly and separately disclosed in the Bank's balance sheet.
Directly issued and paid-up	Shares are directly issued and paid up. The Bank cannot directly or indirectly fund the purchase of its own common shares
Approval for issuance	Paid up capital is only issued with the approval of the owners of the Bank, either given directly by the owners or, if permitted by applicable law, given by the Board of Directors or by other persons duly authorised by the owners

Criteria	Full Terms and Conditions of Basel III Compliant Tier II Bonds of RBL Bank Limited (Unique Identifier - INE976G08064)
Issuer / Borrower / Company	RBL Bank Limited
Nature Of Instrument	Non-convertible, redeemable, unsecured, listed, rated, fully paid-in Basel III compliant Tier 2 bonds in the nature of debentures for augmenting Tier II capital of the Issuer with face value of Rs.1,000,000 each (Bond)
Seniority	Claims of the Debenture Holder(s) in the Debentures shall be: (i) senior to the claims of investors in instruments eligible for inclusion in Tier 1 capital of the Company; (ii) subordinate to the claims of all depositors, general creditors of the Company; and (iii) are neither secured nor covered by a guarantee of the Company or its related entity or other arrangement that legally or economically enhances the seniority of the claims of the Debenture Holder(s) vis-à-vis creditors of the Company. The claims of the Debenture Holder(s) shall be subject to PONV.
Mode of Issue	Private placement
Rating of the Instrument	"ICRA AA-&" "&" - rating watch with developing implications
Issue Size	INR 330 Crore
Objects of the Issue	Proceeds of the Debentures will be utilized by the Company to augment its capital for strengthening its capital adequacy under applicable regulations of the RBI and for enhancing its long-term resources
Details of the utilization of the Proceeds	The proceeds realized by RBL Bank from the Issue shall be utilized as per the Objects of the Issue. The proceeds of the issue are being raised to augment Tier 2 Capital under Basel III Capital Regulations as laid out by RBI. The proceeds of issue shall be utilized for regular business activities of the Bank.
Coupon Rate	10.20%
Coupon Payment Frequency	Quarterly
Coupon Payment Date	15 <sup>th</sup> Day of March, June, September and December every year.
Coupon Type	Fixed
Day Count Basis	Actual/Actual
Default Interest Rate	In relation to the Principal Amount and Coupon payable in respect of the Debentures, in case the same is not paid on the respective due dates, the defaulted amounts shall carry further interest at the rate of 1% per annum over and above the Coupon Rate, from the date of occurrence of such default up to the date on which the defaulted amounts are paid in full. Provided that the applicability of any Default Interest on the Debentures is subject to provisions under "Special Features", "PONV" mentioned below.
Tenure	6 years, 6 months, 19 days from the Deemed Date of Allotment of September 27,2016
Redemption Date	15 April 2023
Redemption Amount	At Par

<b>Issue Price</b>	Rs 1,000,000/- per Debenture

<b>Record Date</b>	The date falling 15 (Fifteen) days prior to any Due Date in relation to the Debentures
<b>Conditions Precedent to Pay-In</b>	<ol style="list-style-type: none"> <li>a) A certified copy of a resolution of the shareholders' of the Company dated 6 September 2016 under Section 23 and 42 of the Act.</li> <li>b) A certified copy of the resolution of the shareholders' of the Company dated 6 September 2016 under Section 180 (1)(c) of the Act.</li> <li>c) A certified copy of the resolution of the board of directors of the Company authorising the Issue.</li> <li>d) The Company shall have received a letter from the Debenture Trustee that it has acknowledged and has agreed / consented to act as the Debenture Trustee.</li> <li>e) A certified true copy of the Memorandum of Association and Articles of Association.</li> <li>f) Filing of the Disclosure Document with and receipt of in-principal listing approval for the listing of Debentures from BSE.</li> <li>g) Receipt of International Securities Identification Number for the Debentures from NSDL.</li> <li>i) Receipt of a certificate from an independent chartered accountant certifying that the Company has sufficient borrowing limits under the shareholders' resolution dated 6 September 2016 under Section 180 (1)(c).</li> <li>j) Payment of stamp duty on Transaction Documents.</li> <li>k) Receipt of legal opinion (addressed and delivered to the Initial Subscriber only) from Trilegal.</li> <li>l) A certified true copy of the consolidated audited financials of the Company for the financial year ending 31 March 2016.</li> <li>m) A certificate from the authorized signatory of the Company certifying inter-alia that copies of all documents relating to it is correct, complete and in full force and effect as at a date no earlier than Pay-in Date, no Material</li> </ol>

	<p>Adverse Effect has occurred, all representations and warranties in the Transaction Documents are true and correct in all respects.</p> <p>n) A certified true copy of the credit rating letters received from ICRA Limited dated 8 February 2016, 4 July 2016 and 12 September 2016.</p> <p>o) Agreed form of the resolution for allotment of Debentures</p> <p>p) Certificate of authority and incumbency</p>
<b>Conditions Subsequent to the Date pay-in date</b>	<p>a) Passing of a board resolution by the company allotting the Debentures to the Debenture Holder(s) on the Pay-in Date or the day falling on the immediately next Business Day.</p> <p>b) Issuing of a duly stamped debenture certificate allotting Debentures to the Debenture Holder(s) by no later than 2 (two) Business Days from the Pay-in Date.</p> <p>c) Credit of dematerialised Debentures into the relevant accounts of the Debenture Holder(s) within 2 (two) days from the Deemed Date of Allotment.</p> <p>c) Receipt of final listing and trading approval from BSE for the Debentures within 15 (fifteen) days from the Deemed Date of Allotment.</p> <p>d) Updating the register of debenture holders to include the names of the Debenture Holder(s) within 10 (ten) days from the Deemed Date of Allotment.</p> <p>e) Filing form PAS-3 with the prescribed fees and a complete list of Debenture Holder(s) within 30 (thirty) days of the Deemed Date of Allotment with the relevant registrar of companies.</p> <p>f) Filing the Disclosure Document and form PAS-5 along with a copy of the Disclosure Document and the prescribed fee within 30 (thirty) days of circulation of the Disclosure Document with the relevant registrar of companies and SEBI.</p> <p>g) Submission of legal opinion from external counsel of the Company to RBI with respect to the Issue for compliance with Basel III.</p>
<b>Events of Default</b>	<p>a) The Company shall have voluntarily or involuntarily become the subject of proceedings under bankruptcy or insolvency law and such proceedings have not been stayed, quashed or dismissed by a competent court prior to admission.</p> <p>b) The Company has taken or suffered any action to be taken for its liquidation or dissolution.</p>
<b>Role and Responsibilities of Debenture Trustee</b>	<p>To oversee and monitor the overall transaction for and on behalf of the Debenture Holder(s). All rights and remedies under the Transaction Documents shall rest in and be exercised by the Debenture Trustee without having it referred to the Debenture Holder(s). Any payment made by the Company to the Debenture Trustee, for the benefit of the Debenture Holder(s), shall discharge the Company pro tanto to the Debenture Holder(s).</p>
<b>Governing Law and Jurisdiction</b>	<p>Indian law.</p> <p>Any dispute arising in connection with the Debentures shall be resolved by a panel of 3 (three) arbitrators to be constituted in accordance with the rules of the London Court of International Arbitration. The place of arbitration shall be Mumbai.</p>
<b>Loss Absorbency</b>	<p>The Debentures (including all claims, demands on the Debentures and Coupon thereon whether accrued or contingent) are issued subject to loss absorbency features applicable for non-equity capital instruments issued</p>

	<p>in terms of Basel III including in compliance with requirements of Annex 5 of Basel III thereof and are subject to certain loss absorbency features as described herein and required off Tier 2 instruments at the Point of Non Viability (“PONV”) as provided under Annex 16 of Basel III. Such loss absorbency features of the Debentures are triggered at PONV Trigger Event described in detail under paragraph 55 below.</p> <p>Accordingly, the Debentures and any claims or demands of any Debenture Holder(s) or any other person claiming for or on behalf or through such Debenture Holder(s) against the Company or any of its assets may at the option of the RBI be permanently written off, in whole or in part upon occurrence of the trigger event called PONV.</p>
<p><b>Point of Non Viability (PONV) and special features</b></p>	<p>The Issue is being made in pursuance of Basel III covering criteria for inclusion of debt capital instruments as Tier 2 capital and minimum requirements to ensure loss absorbency of Additional Tier 1 instruments at pre-specified trigger and of all non-equity regulatory capital instruments at the PONV.</p> <p>Although Basel III permits the conversion or write off of the debentures on the occurrence of the PONV Trigger Event, no conversion of the Debentures to common equity Tier 1 capital is proposed.</p> <p>As per Basel III, the Debentures shall be written off at the option of the RBI upon the occurrence of the trigger event called PONV Trigger stipulated below:</p> <p>(i) A PONV Trigger event is the earlier of (“PONV Trigger Event”):  (A) decision that a conversion or write-off of the Debentures without which the Company would become nonviable, is necessary, as determined by the RBI; and  (B) the decision to make a public sector injection of capital, or equivalent support, without which the Company would have become non-viable, as determined by the relevant authority.</p> <p>The write-off of any common equity Tier 1 capital shall not be required before the write off of any non-equity (additional Tier 1 and Tier 2) regulatory capital instrument.</p> <p>(ii) Such a decision would invariably imply that the write-off or issuance of any new shares as a result of conversion consequent upon the trigger event must occur prior to any public sector injection of capital so that the capital provided by the public sector is not diluted.</p> <p>As such, the contractual terms and conditions of the Debentures shall not provide for any residual claims on the Company which are senior to ordinary shares of the Company (or Company group entity where applicable), following a trigger event and when write-off is undertaken.</p> <p>(iii) Any compensation paid to the Debenture Holder(s) as a result of write off of the Debentures must be paid immediately in the form of common shares of the Company.</p> <p>For the purpose of the above, the Company will be a non-viable bank if owing to its financial and other difficulties, it may no longer remain a going concern on its own in the opinion of the RBI unless appropriate measures are taken to revive its operations and thus, enable it to continue as a going concern. The difficulties faced by the Company should be such that these are likely to result in financial losses and raising the common equity tier 1</p>

capital of the Company should be considered as the most appropriate way to prevent the Company from turning non-viable. Such measures would include write-off of Debentures with or without other measures as considered appropriate by the RBI.

#### Write-off features

The Debentures are subject to permanent write-off upon the occurrence of the PONV Trigger Event as determined by RBI. The amount of Debentures to be written-off will be determined by RBI.

When the Company breaches the PONV Trigger Event and the equity is replenished through write-off of Debentures, such replenished amount of equity will be excluded from the total equity of the Company for the purpose of determining the proportion of earnings to be paid out as dividend in terms of rules laid down for maintaining capital conservation buffer.

However, once the Company has attained total common equity ratio of 8 % as defined in Basel III without counting the replenished equity capital, from that point onwards, the bank may include the replenished equity capital for all purposes. The trigger at PONV will be evaluated both at consolidated and solo level and breach at either level will trigger write-off.

**Treatment of the Debentures in Bankruptcy / Liquidation of the Company**  
The Debenture Holder(s) shall have no rights to accelerate the Repayment of future scheduled payments (Coupon or Principal Amount) except in bankruptcy and liquidation.

If the Company goes into liquidation before the Debentures have been written down, the Debentures will absorb losses in accordance with the order of seniority indicated in this Deed and in accordance with Applicable Law.

If the Company goes into liquidation after the Debentures have been written-down, the Debenture Holder(s) will have no claim on the proceeds of liquidation.

#### Amalgamation of the Company

If the Company is amalgamated with any other bank before the Debentures have been written-down, the Debentures will become part of the corresponding categories of regulatory capital of the new bank emerging after the merger.

If the Company is amalgamated with any other bank after the Debentures have been written-down temporarily, the amalgamated entity can write up the Debentures as per its discretion.

If the Company is amalgamated with any other bank after the Debentures have been written-down permanently, the amalgamated entity cannot write up the Debentures.

**Scheme of Reconstitution or Amalgamation of the Company** If the relevant authorities decide to reconstitute the Company or amalgamate the Company with any other bank under Section 45 of the Banking Regulation Act, 1949, the Company will be deemed as non-viable or approaching non-viability and both the pre-specified trigger and the trigger at PONV for write-down of the Debentures will be activated.

Accordingly, the Debentures will be fully written-down permanently before amalgamation / reconstitution in accordance with these rules.

#### Order of write-down of the Debentures

If the Company goes into liquidation before the Debentures have been written down, the Debentures will absorb losses in accordance with the order of seniority indicated in this Deed and in accordance with Applicable Law.

#### Criteria to determine the PONV

The framework under Annex 16 of Basel III will be invoked when the Company is adjudged by the RBI to be approaching the point of non-viability, or has already reached the point of non-viability, but in the views of RBI:

a) there is a possibility that a timely intervention in form of capital support, with or without other supporting interventions, is likely to rescue the Company; and

b) if left unattended, the weaknesses would inflict financial losses on the Company and, thus, cause decline in its common equity level.

The purpose of write-off of the Debentures is to shore up the capital level of the Company.

RBI would follow a two-stage approach to determine the non-availability of the Company.

(A) The Stage 1 assessment would consist of purely objective and quantifiable criteria to indicate that there is a prima facie case of the Company approaching non- viability and, therefore, a closer examination of the Company's financial situation is warranted.

(B) The Stage 2 assessment would consist of supplementary subjective criteria which, in conjunction with the Stage 1 information, would help in determining whether the Company is about to become non-viable.

These criteria would be evaluated together and not in isolation.

Once the PONV is confirmed, the next step would be to decide whether rescue of the Company would be through write-off alone or write off in conjunction with public sector injection of funds.

As the capital adequacy is applicable both at solo and consolidated levels, the minority interests in respect of capital instruments issued by subsidiaries of the Company including overseas subsidiaries can be included in the consolidated capital of the Company group only if these instruments have pre-specified triggers/ loss absorbency at the PONV.

The cost to the parent of its investment in each subsidiary and the parent's portion of equity of each subsidiary, at the date on which investment in each subsidiary is made, is eliminated as per Accounting Standard-21.

So, in case of wholly-owned subsidiaries, it would not matter whether or not it has the same characteristics as the Company's capital. However, in the case of less than wholly owned subsidiaries, minority interests constitute additional capital for the Company group over and above what is counted at solo level;

therefore, it should be admitted only when it (and consequently the entire capital in that category) has the same characteristics as the Company's capital.

	<p>In addition, if the Company wishes the instrument issued by its subsidiary to be included in the consolidated group's capital, in addition to its solo capital, the terms and conditions of that instrument must specify an additional trigger event.</p> <p>The additional trigger event is the earlier of:</p> <p>(A) a decision that write-off, without which the Company or its subsidiary would become non-viable, is necessary, as determined by the RBI; and</p> <p>(B) the decision to make a public sector injection of capital, or equivalent support, without which the Company or the subsidiary would have become non-viable, as determined by the RBI. Such a decision would invariably imply that the write-off consequent upon the trigger event must occur prior to any public sector injection of capital so that the capital provided by the public sector is not diluted.</p> <p>In such cases, the subsidiary should obtain its regulator's approval/no objection for allowing the capital instrument to be written-off at the additional trigger point referred above.</p> <p>Any common stock paid as compensation to the holders of the instrument must be common stock of either the issuing subsidiary or the Bank (including any successor in resolution).</p>
<b>Applicable RBI Guidelines</b>	The present issue of Bonds is being made in pursuance of Master Circular DBR.No.BP.BC.1/21.06.201/2015-16 dated July 1, 2015 issued by the RBI, covering Prudential Guidelines on Implementation of Basel III Capital Regulations in India covering Criteria for Inclusion of Debt Capital Instruments.

<b>Conditions Subsequent to the Disbursement</b>	<p>a) Certified copy of the resolution passed at the Capital Raising Committee Meeting of the Bank for allotment of Tier 2 notes</p> <p>b) Issuance of a duly stamped note allotting Notes to the Note holder on the date of allotment</p>

Criteria	Full Terms and Conditions of Basel III Compliant Tier 2 Notes of RBL Bank Limited ("Notes")(Unique Identifier - DFC 1)
	<p>c) Submission of report to the Chief General Manager-in-charge, Department of Regulation, Reserve Bank of India, providing details of the Notes issued by the Issuer in the format prescribed in Annex 24 of the Basel III Regulations, together with copy of relevant documents as required under the Basel III Regulations, including confirmation that the legal opinion referred to in point I of Conditions Precedent to Disbursement has been obtained by the Bank.</p> <p>d) Update of register of debenture holders of the Issuer in accordance with Section 88 of the Companies Act, 2013 within 7 days of Allotment</p> <p>e) Disclosure of the terms and conditions of the Note on the website of the Issuer as per the requirements of pillar 3 disclosure and Annex 24 under the RBI Basel III Guidelines</p>
<b>Events of Default</b>	<p>a) Subject to occurrence and continuation of a voluntary bankruptcy default, involuntary bankruptcy default or insolvency, an event of non-compliance with the Office of Development Policy requirements of DFC occurs</p> <p>b) Subject to occurrence and continuation of a voluntary bankruptcy default, involuntary bankruptcy default or insolvency, an event of non-compliance with the DFC Statutory and Policy Requirements occurs</p> <p>c) Bank shall have become the subject of voluntary or involuntary bankruptcy proceedings or become unable, admit in writing its inability, or fail generally to pay its debts as they become due and any Governmental Authority makes an order or determination to place the Issuer under insolvency or analogous proceedings under applicable law.</p>
<b>Governing Law and Jurisdiction</b>	Laws of the State of New York, United States of America. The seat of the arbitration shall be The City of New York, New York, U.S.A.
<b>Loss Absorbency</b>	<p>The Notes (including all claims, demands on the Notes and interest thereon whether accrued or contingent) are subject to loss absorbency features applicable for non-equity capital instruments issued in terms of RBI regulations, including in compliance with requirements of Annex 5 of the Basel III Regulations thereof and are subject to certain loss absorbency features as described herein at the Point of Non Viability ("<b>PONV</b>") as provided under Annex 16 of the Master Circular on Basel III Capital Regulations -Master Circular No. RBI/2022-23/12 DOR.CAP.REC.3/21.06.201/2022-23 dated April 1,2022, as amended from time to time, with respect to instruments forming part of the Tier 2 Capital.Such loss absorbency features of the Notes are triggered at PONV Trigger Event.</p> <p>Accordingly, the Notes and any claims or demands of any Note holder(s) or any other person claiming for or on behalf or through such Note holder(s) against the Bank or any of its assets may at the option of the RBI be permanently written off, in whole or in part upon occurrence of the trigger event called PONV.</p>
<b>Point of Non Viability (PONV) and special features</b>	The Issue is being made in pursuance of the Master Circular on Basel III Capital Regulations -Master Circular No. RBI/2022-23/12 DOR.CAP.REC.3/21.06.201/2022-23 dated April 1,2022, as amended from time to time, covering criteria for inclusion of debt capital instruments as Tier 2 capital and minimum requirements to ensure loss absorbency of

Criteria	Full Terms and Conditions of Basel III Compliant Tier 2 Notes of RBL Bank Limited (“Notes”)(Unique Identifier - DFC 1)
	<p>Additional Tier 1 instruments at pre-specified trigger and of all non-equity regulatory capital instruments at the PONV.</p> <p>Although the Master Circular on Basel III Capital Regulations -Master Circular No. RBI/2022-23/12 DOR.CAP.REC.3/21.06.201/2022-23 dated April 1,2022, as amended from time to time, permits the conversion or write off of the Notes on the occurrence of the PONV Trigger Event, no conversion of the Notes to common equity Tier 1 capital is proposed.</p> <p>As per the the Master Circular on Basel III Capital Regulations -Master Circular No. RBI/2022-23/12 DOR.CAP.REC.3/21.06.201/2022-23 dated April 1,2022, as amended from time to time, the Notes shall be written off at the option of the RBI upon the occurrence of the trigger event called PONV Trigger stipulated below:</p> <p>(i) A PONV Trigger event is the earlier of (“PONV Trigger Event”):</p> <p>(A) decision that a conversion or write-off of the Notes without which the Company would become nonviable, is necessary, as determined by the RBI; and</p> <p>(B) the decision to make a public sector injection of capital, or equivalent support, without which the Company would have become non-viable, as determined by the relevant authority.</p> <p>The write-off of any common equity Tier 1 capital shall not be required before the write off of any non-equity (additional Tier 1 and Tier 2) regulatory capital instrument.</p> <p>Write-off features</p> <p>The Notes are subject to permanent write-off upon the occurrence of the PONV Trigger Event as determined by RBI. The amount of Notes to be written-off will be determined by RBI.</p> <p>Once all or part of the principal of the Notes has been written down pursuant to PONV Trigger Event, the PONV Write-Off Amount will not be restored under any circumstances, including where the PONV Trigger Event has ceased to continue. If the Issuer is amalgamated with any other bank pursuant to Section 44 A of the Banking Regulation Act, 1949 before the Notes have been written down, the Notes will become part of the Tier 2 Capital of the new bank resulting from the merger. If the Issuer is amalgamated with any other bank after the Notes have been written down pursuant to a PONV Trigger Event, the principal amount of the Notes so written down shall not be reinstated by the amalgamated bank. If the RBI or other relevant authority decides to reconstitute the Issuer or amalgamate the Issuer with any other bank, pursuant to Section 45 of the Banking Regulation Act, 1949, the Issuer shall be deemed as non-viable or approaching non-viability and the PONV Trigger Event shall be deemed to have occurred. In such circumstances, the Notes shall be permanently written-down in full prior to any reconstitution or amalgamation.</p> <p>Criteria to determine the PONV</p>

Criteria	Full Terms and Conditions of Basel III Compliant Tier 2 Notes of RBL Bank Limited (“Notes”)(Unique Identifier - DFC 1)
	<p>The framework under Annex 16 of Basel III will be invoked when the Bank is adjudged by the RBI to be approaching the point of non-viability, or has already reached the point of non-viability, but in the views of RBI:</p> <p>a) there is a possibility that a timely intervention in form of capital support, with or without other supporting interventions, is likely to rescue the Bank; and</p> <p>b) if left unattended, the weaknesses would inflict financial losses on the Bank and, thus, cause decline in its common equity level.</p> <p>RBI would follow a two-stage approach to determine the non-availability of the Bank.</p> <p>(A) The Stage 1 assessment would consist of purely objective and quantifiable criteria to indicate that there is a prima facie case of the Bank approaching non- viability and, therefore, a closer examination of the Bank’s financial situation is warranted.</p> <p>(B) The Stage 2 assessment would consist of supplementary subjective criteria which, in conjunction with the Stage 1 information, would help in determining whether the Bank is about to become non-viable. These criteria would be evaluated together and not in isolation. Once the PONV is confirmed, the next step would be to decide whether rescue of the Bank would be through write-off alone or write off in conjunction with public sector injection of funds. The trigger at PONV will be evaluated both at consolidated and solo level and breach at either level will trigger conversion / write-off.</p> <p>As the capital adequacy is applicable both at solo and consolidated levels, the minority interests in respect of capital instruments issued by subsidiaries of the Bank including overseas subsidiaries can be included in the consolidated capital of the Bank group only if these instruments have pre-specified triggers/ loss absorbency at the PONV. In addition, if the Bank wishes the instrument issued by its subsidiary to be included in the consolidated group’s capital, in addition to its solo capital, the terms and conditions of that instrument must specify an additional trigger event. The additional trigger event is the earlier of:</p> <p>(A) a decision that write-off, without which the Bank or its subsidiary would become non-viable, is necessary, as determined by the RBI; and</p> <p>(B) the decision to make a public sector injection of capital, or equivalent support, without which the Bank or the subsidiary would have become non-viable, as determined by the RBI. Such a decision would invariably imply that the write-off consequent upon the trigger event must occur prior to any public sector injection of capital so that the capital provided by the public sector is not diluted. In such cases, the subsidiary should obtain its regulator’s approval/no objection for allowing the capital instrument to be written-off at the additional trigger point referred above. Any common stock paid as compensation to the holders of the instrument must be common stock of either the issuing subsidiary or the Bank (including any successor in resolution).</p>
