## I. Full Terms and Conditions of Regulatory Capital Instruments

| Criteria                            | Full Terms and Conditions of Equity Shares of RBL Bank Limited   |
|-------------------------------------|--|
| Voting shares                       | Equity shares of RBL Bank Limited are voting shares  |
| Limit on voting rights              | Limits on voting rights, if any, are applicable as per provisions of the Banking Regulation Act, 1949  |
| Position in subordination hierarchy | Represent the most subordinated claim in liquidation of the Bank.  The paid up amount is neither secured nor covered by a guarantee of the issuer or related entity nor subject to any other arrangement that legally or economically enhances the seniority of the claim.   |
| Claim on residual assets            | Entitled to a claim on the residual assets, which is proportional to its share of paid up capital, after all senior claims have been repaid in liquidation   |
| Perpetuity                          | Principal is perpetual and never repaid outside of liquidation (except discretionary repurchases / buy backs or other means of effectively reducing capital in a discretionary manner that is allowable under relevant law as well as guidelines, if any, issued by RBI in the matter).  The Bank does nothing to create an expectation at issuance that the instrument would be bought back, redeemed or cancelled nor do the statutory or contractual terms provide any feature which might give rise to such an expectation.  |
| Distributions                       | Distributions are paid out of distributable items (retained earnings included). The level of distributions is not in any way tied or linked to the amount paid up at issuance and is not subject to a contractual cap (except to the extent that a bank is unable to pay distributions that exceed the level of distributable items).  There are no circumstances under which the distributions are obligatory. Non-payment is therefore not an event of default.  Distributions are paid only after all legal and contractual obligations have been met and payments on more senior capital instruments have been |
| Loss absorption                     | It is the paid up capital that takes the first and proportionately greatest share of any losses as they occur. Within the highest quality capital, each instrument absorbs losses on a going concern basis proportionately and paripassu with all the others.  |
| Accounting classification           | The paid up amount is classified as equity capital. It is clearly and separately disclosed in the Bank's balance sheet.  |
| Directly issued and paid-<br>up     | Shares are directly issued and paid up. The Bank cannot directly or indirectly fund the purchase of its own common shares  |
| Approval for issuance               | Paid up capital is only issued with the approval of the owners of the Bank, either given directly by the owners or, if permitted by applicable law, given by the Board of Directors or by other persons duly authorised by the owners  |

| Criteria                          | Full Terms and Conditions of Basel III Compliant Tier 2 Notes of RBL  |
|-----------------------------------|---|
| Citteria                          | Bank Limited ("Notes")(Unique Identifier - DFC 1)   |

|          | Additional Tier 1 instruments at pre-specified trigger and of all non-equity |
|          | regulatory capital instruments at the PONV.                                  |
|          | Although the Master Circular on Basel III Capital Regulations -Master        |
|          | Circular No. RBI/2022-23/12 DOR.CAP.REC.3/21.06.201/2022-23 dated            |
|          | April 1,2022, as amended from time to time, permits the conversion or        |
|          | write off of the Notes on the occurrence of the PONV Trigger Event, no       |
|          | conversion of the Notes to common equity Tier 1 capital is proposed.         |
|          |  |
|          | As per the the Master Circular on Basel III Capital Regulations -Master      |
|          | Circular No. RBI/2022-23/12 DOR.CAP.REC.3/21.06.201/2022-23 dated            |
|          | April 1,2022, as amended from time to time, the Notes shall be written off   |
|          | at the option of the RBI upon the occurrence of the trigger event called     |
|          | PONV Trigger stipulated below:   |
|          | (i) A PONV Trigger event is the earlier of ("PONV Trigger Event"):           |
|          | (A) decision that a conversion or write-off of the Notes without which the   |
|          | Company would become nonviable, is necessary, as determined by the RBI;      |
|          | and  |
|          | (B) the decision to make a public sector injection of capital, or equivalent |
|          | support, without which the Company would have become non-viable, as          |
|          | determined by the relevant authority.  |
|          | The write-off of any common equity Tier 1 capital shall not be required      |
|          | before the write off of any non-equity (additional Tier 1 and Tier 2)        |
|          | regulatory capital instrument.   |
|          | Write-off features   |
|          | The Notes are subject to permanent write-off upon the occurrence of the      |
|          | PONV Trigger Event as determined by RBI. The amount of Notes to be           |
|          | written-off will be determined by RBI.                                       |
|          | Written on will be determined by Rbi.  |
|          | Once all or part of the principal of the Notes has been written down         |
|          | pursuant to PONV Trigger Event, the PONV Write-Off Amount will not be        |
|          | restored under any circumstances, including where the PONV Trigger           |
|          | Event has ceased to continue. If the Issuer is amalgamated with any other    |
|          | bank pursuant to Section 44 A of the Banking Regulation Act, 1949 before     |
|          | the Notes have been written down, the Notes will become part of the Tier     |
|          | 2 Capital of the new bank resulting from the merger. If the Issuer is        |
|          | amalgamated with any other bank after the Notes have been written down       |
|          | pursuant to a PONV Trigger Event, the principal amount of the Notes so       |
|          | written down shall not be reinstated by the amalgamated bank. If the RBI     |
|          | or other relevant authority decides to reconstitute the Issuer or            |
|          | amalgamate the Issuer with any other bank, pursuant to Section 45 of the     |
|          | Banking Regulation Act, 1949, the Issuer shall be deemed as non-viable or    |
|          | approaching non-viability and the PONV Trigger Event shall be deemed         |
|          | to have occurred. In such circumstances, the Notes shall be permanently      |
|          | written-down in full prior to any reconstitution or amalgamation.            |
|          | City to the determine the PONY   |
|          | Criteria to determine the PONV   |

|          | apno ka bank  |  |
|----------|---|--|
| Criteria | Full Terms and Conditions of Basel III Compliant Tier 2 Notes of RBL  |  |
|          | Bank Limited ("Notes")(Unique Identifier - DFC 1)   |  |
|          | The framework under Annex 16 of Basel III will be invoked when the Bank is adjudged by the RBI to be approaching the point of non-viability, or has already reached the point of non-viability, but in the views of RBI:  |  |
|          | <ul> <li>a) there is a possibility that a timely intervention in form of capital support,<br/>with or without other supporting interventions, is likely to rescue the Bank;</li> <li>and</li> </ul>   |  |
|          | b) if left unattended, the weaknesses would inflict financial losses on the Bank and, thus, cause decline in its common equity level.   |  |
|          | RBI would follow a two-stage approach to determine the non-availability of the Bank.  (A) The Stage 1 assessment would consist of purely objective and  |  |
|          | quantifiable criteria to indicate that there is a prima facie case of the Bank approaching non- viability and, therefore, a closer examination of the Bank's financial situation is warranted.  |  |
|          | <ul> <li>(B) The Stage 2 assessment would consist of supplementary subjective criteria which, in conjunction with the Stage 1 information, would help in determining whether the Bank is about to become non-viable.</li> <li>These criteria would be evaluated together and not in isolation.</li> </ul>   |  |
|          | Once the PONV is confirmed, the next step would be to decide whether rescue of the Bank would be through write-off alone or write off in conjunction with public sector injection of funds.   |  |
|          | The trigger at PONV will be evaluated both at consolidated and solo level and breach at either level will trigger conversion / write-off.   |  |
|          | As the capital adequacy is applicable both at solo and consolidated levels, the minority interests in respect of capital instruments issued by subsidiaries of the Bank including overseas subsidiaries can be included in the consolidated capital of the Bank group only if these instruments have pre-specified triggers/ loss absorbency at the PONV. |  |
|          | In addition, if the Bank wishes the instrument issued by its subsidiary to be included in the consolidated group's capital, in addition to its solo capital, the terms and conditions of that instrument must specify an additional trigger event.  |  |
|          | The additional trigger event is the earlier of:  (A) a decision that write-off, without which the Bank or its subsidiary would become non-viable, is necessary, as determined by the RBI; and  (B) the decision to make a public sector injection of capital, or equivalent   |  |
|          | support, without which the Bank or the subsidiary would have become non-viable, as determined by the RBI. Such a decision would invariably imply that the write-off consequent upon the trigger event must occur prior to any public sector injection of capital so that the capital provided by the public sector is not diluted.                        |  |
|          | In such cases, the subsidiary should obtain its regulator's approval/no objection for allowing the capital instrument to be written-off at the additional trigger point referred above.  Any common stock paid as compensation to the holders of the instrument   |  |

(including any successor in resolution).

must be common stock of either the issuing subsidiary or the Bank
